

Folk & Traditional Arts Coordinators Peer Session

November 1, 2018

3:00 – 5:00 p.m.

Agenda

3:00 – 5:00 p.m.

Partnerships Panel Discussion

State folk arts staff are increasingly expected to look for ways to collaborate with like-minded organizations or those whose missions, programs or constituencies overlap with those of the state arts agency. A panel comprising representatives of several long-standing partnership based programs, as well as those of programs that have had little or no involvement with such collaborations, discuss their experiences and the capacity required to initiate and sustain partnership projects and programs. Special attention is given to collaborating with mission-driven organizations, the impact of funding cycles on programming and staff capacity, and the professional expertise required to manage a network.
